

Novant Health makes it easy to find physicians and advanced practice providers with LGBTQ+ expertise.

Finding a new physician or advanced practice provider is a lot like forming any new relationship. Our physician finder helps you find the right expert faster. Filters include LGB care and transgender care, as well as specialty, availability, distance, language, years of experience and gender.

Here's how you can find the right doctor now. Then you can make an appointment instantly.

Step 1

Go to our physician finder website at NovantHealth.org/PF.

Step 2

To find LGBTQ+ affirming healthcare professionals, you can type in "LGB care," "transgender care" or "gender affirming surgery."
