History
In December 2010, Novant Health was awarded a certificate of public need to build the 60-bed acute care hospital on nearly 40 acres in Haymarket, Virginia. Novant Health UVA Health System Haymarket Medical Center is Novant Health’s first prototypical facility, the design was patient, caregiver and community driven with lean thinking applied to eliminate waste and improve efficiency. The four-story/221,000 square foot, $100 million facility opened to the growing and diverse northern Virginia community on March 26, 2014. In 2016, Novant Health’s Virginia operations, including Novant Health Haymarket Medical Center, Novant Health Prince William Medical Center, Novant Health Cancer Center, Novant Health Caton Merchant House and the Novant Health physician clinics, joined UVA Culpeper Hospital to form Novant Health UVA Health System.

Accreditation
Novant Health UVA Health System Haymarket Medical Center is licensed by the state of Virginia and fully accredited by The Joint Commission, an independent organization that evaluates a healthcare organization’s performance in areas that most affect patient health and safety. In addition, we have earned some of the nation’s top honors in quality care, including Breast Center accreditation and Chest Pain Center accreditation.

Novant Health UVA Health System Haymarket Medical Center also meets all criteria as a Comprehensive Center under the Metabolic and Bariatric Surgery Accreditation and Quality Improvement Program (MBSAQIP), a joint program of the American College of Surgeons (ACS) and the American Society for Metabolic and Bariatric Surgery (ASMBS). The MBSAQIP Standards ensure that bariatric surgical patients receive a multidisciplinary program, not just a surgical procedure, which improves patient outcomes and long-term success.
