

Stay on track with your health

To make it easier to never miss a day of your medication, we offer a variety of tools and services you can use when and where it's most convenient for you. That includes our mobile app, at Walgreens.com, through emails and texts and in our convenient neighborhood locations.

How to download the mobile app

1. Visit the Apple App Store or Google Play, depending on your phone or device
2. Search for **Walgreens**
3. Tap **Install**
4. Once the install is complete, you can tap **Open** on the app store window or tap the **Walgreens icon** on your screen

How to create a Walgreens account

You can use a single account to manage your prescriptions from our app or at Walgreens.com. If you don't already have an account:

1. Open the app or go to Walgreens.com
2. Tap **Register**, fill out the required information
3. Create a password and you're ready to go
