Advanced orthopedics and sports medicine for your patients

When joint, bone or muscle conditions threaten your patients' quality of life, Novant Health is the partner you can trust to help get them back in action. Our team of more than 50 orthopedic and sports medicine specialists is committed to accelerating recovery with unparalleled access to leading-edge treatments and expert care in a wide range of specialties.

Our specialized team of experts

Our team consists of board-certified orthopedic surgeons; fellowship-trained orthopedists and surgeons in almost every orthopedic subspecialty; nonoperative fellowship-trained sports medicine primary care providers; and clinical sports psychologists. All providers are trained in the latest innovative, evidence-based diagnostic tools and conservative and surgical treatment plans.

Our broad range of expertise

From carpal tunnel, bunionectomy and pediatric scoliosis to total joint replacement, arthroscopic reconstructive shoulder repair and a broad offering of rehabilitation services, we have your patients covered. *Please see reverse for a detailed listing of our extensive services.*

Quality assurance

- During a two-year period of the CMS Bundled Payment for Care Improvement (BPCI) pilot for adult joint replacements, we reduced Medicare spend by 17 percent and skilled nursing facility length-of-stay by 11 days.
- Our experts use 3D modeling to more precisely make and fit custom knee implants, giving patients a more natural feel with a 99.6 percent success rate.
- Novant Health introduced orthopedic urgent care in the Charlotte area.
- Novant Health Charlotte Orthopedic Hospital is one of only six dedicated orthopedic hospitals in the country.
- We are the trusted healthcare partner for the Charlotte Hornets. Your patients receive the same level of care.
