

Novant Health Thomasville Medical Center

Overview

Novant Health Thomasville Medical Center is a 146-bed hospital offering a wide range of inpatient and outpatient services, birthing rooms and an emergency department. We are part of Novant Health, an integrated network of physician clinics, outpatient facilities and hospitals that delivers a seamless and convenient healthcare experience to our communities. The Novant Health network consists of more than 1,900 physicians and over 36,000 employees that provide care at more than 800 locations, including 15 medical centers and hundreds of outpatient facilities and physician clinics. Headquartered in Winston-Salem, North Carolina, Novant Health is committed to making health care remarkable for patients and communities, providing nearly six million patient visits annually.

By bringing together world-class technology and clinicians to provide quality care, we are committed to creating a healthcare experience that is simpler, more convenient and more affordable so patients can focus on getting better and staying healthy.
