

Resetting password through the IQMax application

Note: This may be completed via a mobile device or the user can login to m.iqmax.com on a laptop/PC to make the password change.

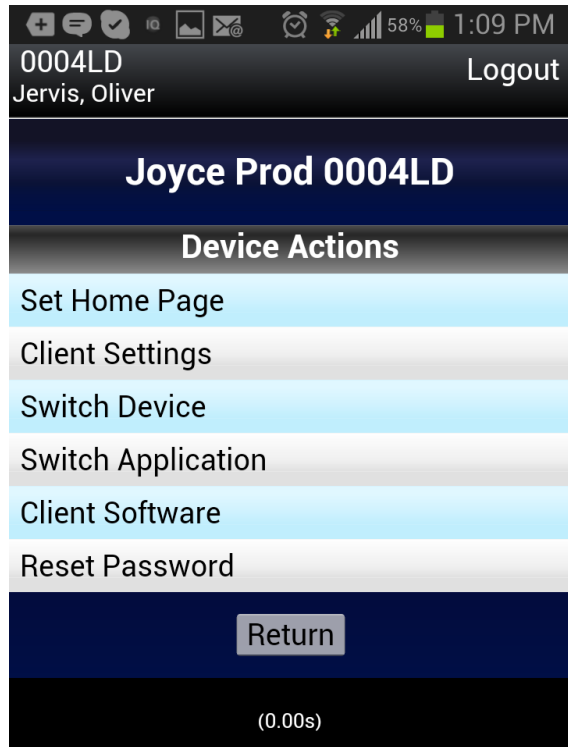

1. Ensure the provider is logged into the application.
2. Select the sync ID in the upper left-hand corner.

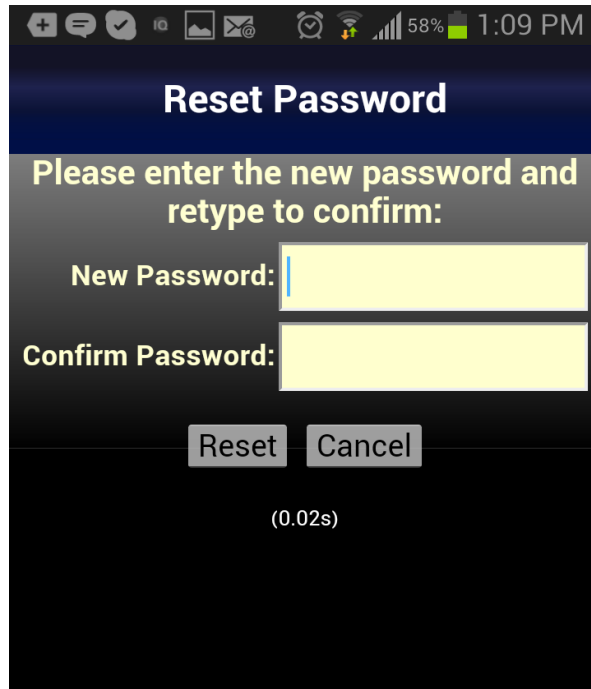

3. Select Go to Device Settings

4. Under Device Actions, select Reset Password

5. Enter New Password
6. Confirm New Password
7. Select Reset

8. Select Return from the Device Actions screen
