(Complete only if you checked a box in line 12 on Part I. If you checked box 12a, Part I, complete Sections A and B. If you checked box 12b, Part I, complete Sections A and C. If you checked box 12c, Part I, complete Sections A, D, and E. If you checked box 12d, Part I, complete Sections A and D, and complete Part V.)

Section A. All Supporting Organizations

- 1 Are all of the organization's supported organizations listed by name in the organization's governing documents? If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.
- 2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If "Yes," explain in **Part VI** how the organization determined that the supported organization was described in section 509(a)(1) or (2).
- **3a** Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If "Yes," answer lines 3b and 3c below.
- **b** Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? If "Yes," describe in **Part VI** when and how the organization made the determination.
- c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? If "Yes," explain in Part VI what controls the organization put in place to ensure such use.
- **4a** Was any supported organization not organized in the United States ("foreign supported organization")? *If* "Yes," and if you checked box 12a or 12b in Part I, answer lines 4b and 4c below.
- **b** Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? If "Yes," describe in **Part VI** how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.
- c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.
- 5a Did the organization add, substitute, or remove any supported organizations during the tax year? If "Yes," answer lines 5b and 5c below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).
- **b Type I or Type II only.** Was any added or substituted supported organization part of a class already designated in the organization's organizing document?
- c Substitutions only. Was the substitution the result of an event beyond the organization's control?
- 6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? If "Yes," provide detail in Part VI.
- 7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (as defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? If "Yes," complete Part I of Schedule L (Form 990 or 990-EZ).
- 8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described in line 7? If "Yes," complete Part I of Schedule L (Form 990 or 990-EZ).
- 9a Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons, as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? If "Yes," provide detail in Part VI.
- **b** Did one or more disqualified persons (as defined in line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? If "Yes." provide detail in **Part VI.**
- c Did a disqualified person (as defined in line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? If "Yes," provide detail in Part VI.
- 10a Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? If "Yes," answer line 10b below.
 - **b** Did the organization have any excess business holdings in the tax year? (Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)

IDENTIFIED HEALTH NEEDS AND ASSESSED REGULARLY THROUGHOUT THE COMMUNITY

HEALTH NEEDS ASSESSMENT LIFE CYCLE. COMMUNITY PARTNERS WHO ARE CURRENTLY

DOING THE WORK ARE IDENTIFIED AS POTENTIAL PARTNERS FOR COLLABORATION ON

THOSE IDENTIFIED NEEDS THAT ARE NOT PART OF THE IMPLEMENTATION PLAN.

Part VI Supplemental Information

Provide the following information.

- 1 Required descriptions. Provide the descriptions required for Part I, lines 3c, 6a, and 7; Part II and Part III, lines 2, 3, 4, 8 and 9h
- 2 Needs assessment. Describe how the organization assesses the health care needs of the communities it serves, in addition to any CHNAs reported in Part V, Section B.
- 3 Patient education of eligibility for assistance. Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy.
- 4 Community information. Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves.
- **Promotion of community health.** Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.).
- 6 Affiliated health care system. If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served.
- 7 State filing of community benefit report. If applicable, identify all states with which the organization, or a related organization, files a community benefit report.

PART I, LINE 3C:

OTHER CRITERIA BESIDES INCOME AND FPG USED IN DETERMINING ELIGIBILITY FOR
FREE CARE INCLUDE: (1) RESIDENCY - PATIENTS MUST RESIDE WITHIN THE SERVICE
AREA OF THE HOSPITAL; (2) THE KIND OF SERVICE PROVIDED - ONLY MEDICALLY
NECESSARY SERVICES ARE COVERED; (3) PATIENT STATUS - IN PROVIDER BASED
PHYSICIAN CLINICS, PATIENTS MUST HAVE BEEN TREATED BY AN AFFILIATED
MEDICAL GROUP PRIMARY CARE PHYSICIAN WITHIN THE PREVIOUS THREE YEARS; AND
(4) ACCESS TO HEALTH CARE COVERAGE - PATIENTS MUST BE UNABLE TO ACCESS
EMPLOYER SPONSORED HEALTH PLANS OR ENTITLEMENT PROGRAMS. LASTLY, THE
PATIENT MUST BE WITHOUT SUBSTANTIAL LIQUID ASSETS (I.E. CASH-ON-HAND).
ASSETS SUCH AS HOUSES, CARS, PENALIZED RETIREMENT SAVINGS FUNDS, ETC. ARE
NOT CONSIDERED LIQUID ASSETS. SUBSTANTIAL ASSETS ARE DEFINED AS ENOUGH
CASH-ON-HAND TO COVER THE MEDICAL EXPENSES WITHOUT PLACING A HARDSHIP ON
THE PATIENT. PATIENTS WITH SPECIAL CIRCUMSTANCES SUCH AS BANKRUPTCY MAY
ALSO BE ELIGIBLE FOR CHARITY CARE; DETERMINATION IS MADE ON A CASE BY CASE
BASIS UNDER THESE CIRCUMSTANCES.

Part VI | Supplemental Information (Continuation)

PART I, LINE 7:

COSTS REPORTED IN THE TABLE FOR CHARITY CARE AND CERTAIN OTHER COMMUNITY

BENEFITS AMOUNTS ARE CALCULATED USING AN ENTITY SPECIFIC COST TO CHARGE

RATIO BASED ON WORKSHEET 2 (CCR).

PART I, LN 7 COL(F):

THE AMOUNT OF BAD DEBT REMOVED FROM TOTAL EXPENSES (DENOMINATOR) WAS \$19,277,339.

PART II, COMMUNITY BUILDING ACTIVITIES:

THE ORGANIZATION'S COMMUNITY BUILDING ACTIVITIES ADDRESS THE UNDERLYING

CAUSES OF HEALTH PROBLEMS AND IMPACTS THE HEALTH OF OUR COMMUNITY THROUGH

PARTNERSHIPS WITH LOCAL AGENCIES DEDICATED TO IMPROVING THE LIVES OF ALL

INDIVIDUALS. OUTREACH INCLUDES PROVIDING SUPPORT TO ORGANIZATIONS SUCH AS

LOCAL YMCA'S, UNITED WAY PARTNER AGENCIES, CHAMBERS OF COMMERCE AND OTHER

LOCAL COMMUNITY ORGANIZATIONS, ASSISTING WITH COMMUNITY AND COUNTY

COALITIONS, AND PROVIDING EDUCATION SEMINARS AND TRAINING FOR COMMUNITY

WORKFORCES. THROUGH THESE OUTREACH METHODS WE ARE ABLE TO SUCCESSFULLY

WORK TOWARDS BRIDGING THE GAP OF NEED WITHIN OUR IDENTIFIED IMPACTED

COMMUNITIES.

PART III, LINE 2:

IMPLICIT PRICE CONCESSIONS (FORMERLY LABELED BAD DEBT EXPENSE) ARE

DETERMINED BASED ON MANAGEMENT'S ASSESSMENT OF CONTRACTUAL AGREEMENTS,

DISCOUNT POLICIES, AND HISTORICAL EXPERIENCE.

PART III, LINE 4:

THE ORGANIZATION'S IMPLICIT PRICE CONCESSIONS (FORMERLY LABELED BAD DEBT

EXPENSE, AT COST) ON LINE 2 IS CALCULATED USING THE SAME METHODOLOGY AS

CHARITY CARE AND OTHER COMMUNITY BENEFITS USING AN ENTITY SPECIFIC COST TO

CHARGE RATIO (CCR). FOOTNOTE 2 (ACCOUNTS RECEIVABLE) ON PAGE 8 OF THE

AUDITED FINANCIAL STATEMENTS DESCRIBES PRICE CONCESSIONS.

PART III, LINE 8:

THE METHODOLOGY USED TO DETERMINE THE MEDICARE ALLOWABLE COSTS REPORTED IN
THE ORGANIZATION'S MEDICARE COST REPORT AS REFLECTED IN THE AMOUNT
REPORTED IN PART III, LINE 6 IS DETERMINED BY FOLLOWING THE MEDICARE
PRINCIPLES OF ALLOWABLE COSTS. COST FOR THE OVERHEAD DEPARTMENTS ARE
STEPPED DOWN TO THE REMAINING COST CENTERS BASED ON STATISTICS FOR EACH
OVERHEAD COST CENTER. ONCE THE STEP-DOWN PROCESS IS COMPLETE, A COST TO
CHARGE RATIO ("CCR") IS DEVELOPED FOR EACH COST CENTER. THE CCR IS THEN
APPLIED TO THE MEDICARE REVENUE BY COST CENTER AND TOTALED.

IT SHOULD BE NOTED THAT THE MEDICARE COST REPORTS DO NOT ADDRESS ANY

MANAGED CARE MEDICARE REVENUES, COSTS, OR RELATED SHORTFALL. THE TOTAL

REVENUES REPORTED AS RECEIVED FROM MEDICARE IN LINE 5 OF SECTION B ARE

ONLY REPRESENTATIVE OF MEDICARE FEE FOR SERVICE PAYMENTS RECEIVED. THE

ALLOWABLE COSTS ON LINE 6 ARE SIGNIFICANTLY LOWER THAN THE ACTUAL

EXPENDITURES. AS SUCH, THE SHORTFALL IS UNDERESTIMATED.

EVERY HOSPITAL TREATS MEDICARE PATIENTS. SOME HOSPITALS ARE LOCATED IN

HIGH MEDICARE POPULATION AREAS; OTHERS PROVIDE SERVICES DISPROPORTIONATELY

USED BY MEDICARE PATIENTS. MEDICARE RATES AND NUMBERS OF MEDICARE

PATIENTS ARE NOT NEGOTIATED. AS REIMBURSEMENT RATES DECLINE RELATIVE TO

COSTS OF CARE, HOSPITALS CONTINUE TO SERVE THE MEDICARE POPULATION.

WITHOUT THIS SERVICE THESE PATIENTS WOULD BECOME AN OBLIGATION ON THE

Schedule H (Form 990)

NH

1

GOVERNMENT. ANY UNREIMBURSED COSTS OF THIS CARE ARE A COMMUNITY BENEFIT PROVIDED BY THE HOSPITAL TO THE COMMUNITY AND GOVERNMENT.

PART III, LINE 9B:

THE ORGANIZATION'S BILLING AND COLLECTIONS POLICY DOES EXPLAIN ACTIONS

AGAINST PATIENTS WHO HAVE OUTSTANDING DELINQUENT AMOUNTS, BUT THE POLICY

DOES NOT CONTAIN PROVISIONS FOR COLLECTION PRACTICES AGAINST PATIENTS WHO

ARE ELIGIBLE UNDER THE FINANCIAL ASSISTANCE POLICY (FAP) BECAUSE FAP

ELIGIBLE PATIENTS RECEIVE 100% FREE CARE AND THEREFORE DO NOT RECEIVE

BILLS ONCE FAP ELIGIBILITY HAS BEEN ESTABLISHED.

PART VI, LINE 2: NEEDS ASSESSMENT

THE ORGANIZATION IS PART OF NOVANT HEALTH, AN INTEGRATED NOT-FOR-PROFIT

HEALTH SYSTEM, WHICH HAS A COMMUNITY ENGAGEMENT DEPARTMENT COMPRISED OF

COMMUNITY BENEFIT PROFESSIONALS. THE COMMUNITY ENGAGEMENT DEPARTMENT IS

RESPONSIBLE FOR COORDINATING THE PREPARATION OF THE COMMUNITY HEALTH NEEDS

ASSESSMENTS (CHNA) FOR EACH HOSPITAL WITHIN THE SYSTEM, INCLUDING THE

CHNAS REPORTED IN PART V, SECTION B. EACH HOSPITAL AND THE COMMUNITY

ENGAGEMENT DEPARTMENT WORK TOGETHER TO IDENTIFY ORGANIZATIONS AND

RESOURCES WITHIN ITS COMMUNITY THAT CONTRIBUTE TO THE PROCESS. THESE

ORGANIZATIONS AND RESOURCES INCLUDE PUBLIC HEALTH DEPARTMENTS, LOCAL

COMMUNITY COALITIONS REPRESENTING THE MEDICALLY UNDERSERVED, UNITED WAY,

LOCAL UNIVERSITIES, ETC. COMMUNITY HEALTH ASSESSMENTS PREPARED BY OTHER

ORGANIZATIONS IN THE COMMUNITY ARE USED IN COMBINATION WITH INTERNAL

HOSPITAL DATA AND INFORMATION COLLECTED FROM LOCAL AGENCIES TO PREPARE THE

HOSPITAL'S CHNA. THROUGH PARTNERSHIPS WITH OTHER COMMUNITY ORGANIZATIONS

WE ARE ABLE TO DRAW INFERENCE OF THE NEEDS NOT MET WITHIN THE IMMEDIATE

COMMUNITIES WE SERVE, AND MEET OR EXCEED THOSE COMMUNITY MEMBER'S NEEDS.

IN ADDITION TO ADDRESSING NEEDS IDENTIFIED THROUGH THE CHNA, EACH HOSPITAL

MAY RESPOND TO REQUESTS FOR SPECIFIC COMMUNITY BENEFIT ACTIVITIES OR

PROGRAMS FROM PUBLIC AGENCIES OR COMMUNITY GROUPS. ORGANIZATIONAL

PARTNERSHIPS ESTABLISHED BY THE COMMUNITY BENEFIT DEPARTMENT ARE OFTEN

LEVERAGED TO ADDRESS NEEDS THAT WERE IDENTIFIED IN THE CHNA, BUT WERE

UNADDRESSED BY THE FACILITY IMPLEMENTATION PLAN.

PART VI, LINE 3: PATIENT EDUCATION OF ELIGIBILITY FOR ASSISTANCE

THE ORGANIZATION IS COMMITTED TO PROVIDING OUTSTANDING HEALTHCARE TO ALL

MEMBERS OF OUR COMMUNITIES, REGARDLESS OF THEIR ABILITY TO PAY. OUR

FINANCIAL COUNSELING TEAMS ARE CONSTANTLY WORKING WITH THE PATIENTS WITHIN

OUR COMMUNITIES TO UNDERSTAND THEIR NEEDS AND ENSURE THAT OUR POLICIES AND

PROCESSES ADDRESS THESE NEEDS. WE ALSO MAINTAIN CONTRACTS WITH MEDICAID

ELIGIBILITY VENDORS AND THESE TEAMS OFFER ADDITIONAL SUPPORT IN PROCESSING

AND ASSESSING HOW WE SERVE THE FINANCIAL NEEDS OF OUR PATIENTS.

BASED ON THE ASSESSMENTS OF OUR COMMUNITIES, THE ORGANIZATION HAS

DEVELOPED FINANCIAL ASSISTANCE POLICIES AND PROGRAMS THAT ADDRESS THE

FINANCIAL NEEDS OF OUR PATIENTS. WE PRIDE OURSELVES ON THE TRANSPARENCY

OF OUR PROGRAMS AND THE EDUCATION WE OFFER OUR PATIENTS AROUND OUR

FINANCIAL ASSISTANCE POLICIES. OUR PROGRAMS ARE DOCUMENTED ON OUR

WEBSITE, ALONG WITH CONTACT INFORMATION FOR OUR FINANCIAL COUNSELORS.

ADDITIONALLY, OUR PROGRAMS ARE DOCUMENTED ON PATIENT FLYERS THROUGHOUT THE

ORGANIZATION'S FACILITIES AND PHYSICIAN OFFICES. OUR PATIENT ACCESS

SPECIALISTS, FINANCIAL COUNSELORS AND BUSINESS OFFICE TEAMS WORK WITH ALL

ELIGIBLE PATIENTS TO EDUCATE THEM ON THE VARIOUS OPTIONS AVAILABLE VIA OUR

Schedule H (Form 990)

1

FINANCIAL ASSISTANCE PROGRAMS OR GOVERNMENT SPONSORED CARE. THEY ALSO REFERENCE OUR FINANCIAL ASSISTANCE POLICY IN ALL CONVERSATIONS RELATED TO PATIENTS BILLS. FINALLY, WE WORK WITH LOCAL AREA FREE HEALTH CLINICS AND OTHER CHARITABLE ORGANIZATIONS TO PROVIDE CONTINUATION OF CARE FOR THEIR PATIENTS.

IN ADDITION TO OUR FINANCIAL COUNSELING PROCESSES USED TO IDENTIFY CHARITY CARE PATIENTS, OUR COLLECTIONS PROCESSES WITHIN OUR BUSINESS OFFICES ALSO HELP IDENTIFY PATIENTS WHO ARE ALREADY ELIGIBLE FOR CHARITY OR WHO MAY BE ELIGIBLE BASED ON THEIR STATUS WITHIN THE FEDERAL POVERTY GUIDELINES ("FPG"). WE UTILIZE PREVIOUSLY SUBMITTED PATIENT DOCUMENTATION AND CREDIT AGENCY REPORTED FPG FOR DETERMINATION. SUPPORTING DOCUMENTS ARE VALID 6 MONTHS FROM THE DATE OF SUBMISSION.

OUR POLICIES ARE CONSIDERED FLUID AND ARE UPDATED FREQUENTLY BASED ON LOCAL AND NATIONAL MARKET STANDARDS AND NATIONAL ECONOMIC CONDITIONS. ANY UPDATES TO OUR POLICIES REQUIRE MULTI-LEVEL LEADERSHIP APPROVAL AND ARE ULTIMATELY APPROVED BY THE ORGANIZATION'S BOARD.

THE ORGANIZATION DEFINES ITS COMMUNITY BY ITS PRIMARY SERVICE AREA. THE

PRIMARY SERVICE AREA FOR NOVANT HEALTH BRUNSWICK MEDICAL CENTER IS DEFINED

BY THE ZIP CODES THAT REPRESENT MORE THAN 75% OF THE HOSPITAL'S IN-PATIENT

POPULATION. THIS INCLUDES THE CITY OF SOUTHPORT, THE TOWNS OF BOLIVIA,

CALABASH, LELAND, OCEAN ISLE BEACH, SHALLOTTE, AND SUNSET BEACH, AND THE

UNINCORPORATED COMMUNITY OF SUPPLY.

BRUNSWICK COUNTY, NHBMC'S PRIMARY SERVICE AREA AND DEFINED COMMUNITY

INCLUDES THE COUNTY SEAT OF BOLIVIA. THE COUNTY COVERS AN 846.97 SQUARE

MILE AREA, WITH AN AVERAGE OF 126.8 PERSONS PER SQUARE MILE. 100% OF THE

PATIENTS IN THE PRIMARY SERVICE AREA (PSA) RESIDE IN BRUNSWICK COUNTY AND

WHILE 77.8% OF THE PATIENTS IN THE PRIMARY AND SECONDARY SERVICE AREAS

RESIDE IN BRUNSWICK COUNTY.

THE SECONDARY SERVICE AREA FOR NOVANT HEALTH BRUNSWICK MEDICAL CENTER

INCLUDES COLUMBUS COUNTY, NORTH CAROLINA AND HORRY COUNTY, SOUTH CAROLINA.

BRUNSWICK COUNTY IS MORE RURAL IN NATURE, WITH 43% OF THE POPULATION

LIVING IN RURAL AREAS. THE COUNTY IS HOME TO 45 MILES OF SOUTH-FACING

BEACHES, WHICH HAS OPENED THE DOOR TO IMMENSE POPULATION GROWTH SINCE

2010. BRUNSWICK COUNTY REMAINED ONE OF THE FASTEST GROWING COUNTIES IN

NORTH CAROLINA OVER THE LAST 20 YEARS, WITH 136,744 RESIDENTS. MUCH OF THE

GROWTH IS CENTERED IN THE EASTERN SECTION OF THE COUNTY, THE SUBURBS OF

WILMINGTON SUCH AS LELAND, BELVILLE, AND SOUTHPORT.

ADOLESCENTS (INDIVIDUALS 18 AND YOUNGER) MAKE UP AN ESTIMATED 15.3% OF THE

POPULATION IN BRUNSWICK COUNTY, WHILE SENIORS (INDIVIDUALS 65 AND OLDER)

MAKE UP 31.5% OF THE POPULATION. MEDIAN AGE CONTINUES TO INCREASE, AND WE

CAN SEE A SHIFT IN THE POPULATION FROM ADOLESCENTS TO SENIORS AS OUR

POPULATION CONTINUES TO AGE. THIS TREND MAY PUT A STRAIN ON HEALTHCARE

SERVICES IN BRUNSWICK COUNTY BECAUSE HEALTH CARE FOR OLDER PERSONS IS

DIFFERENT FROM THAT PROVIDED TO OTHER AGE GROUPS IN SEVERAL RESPECTS:

GREATER RESOURCE DEMANDS, THE INTERTWINING OF PROFESSIONAL HEALTH SERVICES

WITH SOCIAL SERVICES, THE FREQUENT OCCURRENCE OF IMPORTANT ETHICAL

CONUNDRUMS, AND A HIGHER PREVALENCE OF PHYSICAL AND MENTAL DISABILITIES.

NON-WHITE MINORITIES CURRENTLY MAKE UP LESS THAN ONE-FOURTH (17.9%) OF THE RACIAL DEMOGRAPHIC IN BRUNSWICK COUNTY. THE SPECIFIC POPULATION GROUPS

(ETHNIC AND CULTURAL) ARE AS FOLLOWS: WHITE NON-HISPANIC 82.1%;

BLACK/AFRICAN-AMERICAN 10.3%; HISPANIC OR LATINO 4.9%; OTHER 2.7%. DATA

TAKEN FROM THE 2016 US CENSUS BUREAU INCLUDES INDIVIDUALS THAT IDENTIFIED

WITH MULTIPLE RACES; THEREFORE, THE PERCENTAGES EXCEED 100%.

THE MEDIAN HOUSEHOLD INCOME LEVEL FOR THE PRIMARY AND SECONDARY SERVICE

AREAS WERE \$51,164 (BRUNSWICK COUNTY), \$36,261 (COLUMBUS COUNTY), AND

\$46,475 (HORRY COUNTY). THE POVERTY RATE FOR BRUNSWICK COUNTY IS 11.9%.

THERE ARE TWO ACUTE CARE HOSPITALS IN THE COMMUNITY, ONE OF WHICH IS THE ORGANIZATION. THE OTHER HOSPITAL IS DESIGNATED AS A CRITICAL ACCESS HOSPITAL.

THE SECONDARY SERVICE AREA FOR NOVANT HEALTH MINT HILL MEDICAL CENTER

COVERS A SIX-COUNTY RADIUS, INCLUDING: CABARRUS, RUTHERFORD AND STANLY

COUNTIES IN NORTH CAROLINA AND CHESTERFIELD, YORK AND LANCASTER COUNTIES

IN SOUTH CAROLINA.

MECKLENBURG COUNTY IS MORE URBAN IN NATURE. THE COUNTY CONSISTS OF A LARGE

URBAN CENTER SURROUNDED BY SMALLER, MORE RURAL COMMUNITIES. IT HAS THE

LARGEST POPULATION OF ANY COUNTY IN THE STATE OF NORTH CAROLINA.

MECKLENBURG COUNTY HAS A POPULATION OF 1,093,901, WHILE UNION COUNTY HAS

Employer identification number Name of the organization 56-1376950 NOVANT HEALTH, INC. NOVANT HEALTH CONTINUED TO INVEST IN ITS ELECTRONIC HEALTH RECORD ("EHR"). THROUGH THE ELECTRONIC HEALTH RECORD, NOVANT HEALTH MEDICAL GROUP PHYSICIANS ALSO OFFER A SECURE PATIENT PORTAL ("MYCHART") THAT GIVES PATIENTS DIRECT ACCESS TO THEIR MEDICAL RECORDS ONLINE AND THROUGH OUR MOBILE APP. THROUGH THIS FREE ONLINE TOOL PATIENTS CAN COMMUNICATE WITH THE PHYSICIANS VIA EMAIL, SCHEDULE APPOINTMENTS AND REFILL PRESCRIPTIONS. AS A RESULT OF THESE EFFORTS, NOVANT HEALTH ACHIEVED A 'WORLD'S FIRST' MILESTONE WHEN WE BECAME THE FIRST HEALTH SYSTEM IN THE WORLD TO BE REVALIDATED FOR THE HEALTH INFORMATION AND MANAGEMENT SYSTEMS SOCIETY ("HIMSS") ANALYTICS STAGE 7 AMBULATORY AWARD FOR OUR USE OF AN EHR. CLINICIANS CAN NOW SHARE PATIENTS' MEDICAL INFORMATION BETWEEN PHYSICIAN OFFICES, OUTPATIENT CENTERS AND HOSPITALS. THIS SHARING OF INFORMATION IMPROVES SAFETY AND COORDINATION OF CARE AND PROMOTES CONNECTIVITY AND COMMUNICATION BETWEEN HOSPITAL CAREGIVERS, SPECIALISTS AND PRIMARY CARE PROVIDERS. EMBARKING ON THE JOURNEY TO CREATE A SHARED EHR IS THE MOST SIGNIFICANT AND IMPORTANT INVESTMENT NOVANT HEALTH HAS EVER MADE FOR ITS PATIENTS, STAFF AND PHYSICIANS. IN ADDITION TO GROWTH INITIATIVES, NOVANT HEALTH HAS FOCUSED ON MAKING HEALTHCARE MORE CONVENIENT AND EASIER TO ACCESS. VIDEO VISITS ALLOW PATIENTS TO CONNECT WITH THEIR HEALTHCARE PROVIDERS FROM THE COMFORT OF THEIR HOMES OR OFFICES. USED FOR NON-EMERGENT HEALTH CONCERNS, VIDEO VISITS WORK BEST FOR PATIENTS NEEDING CHRONIC DISEASE MANAGEMENT OR FOLLOW-UP CARE WITHOUT A PHYSICAL EXAM. TELEMEDICINE ENABLES US TO

Report of Independent Auditors

To the Board of Trustees of Novant Health, Inc.

We have audited the accompanying consolidated financial statements of Novant Health, Inc. and Affiliates (the "Company"), which comprise the consolidated balance sheets as of December 31, 2020 and 2019, and the related consolidated statements of operations and changes in net assets and of cash flows for the years then ended.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Company's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Novant Health, Inc. and Affiliates as of December 31, 2020 and 2019, and the results of their operations, changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 2 to the consolidated financial statements, the Company changed the manner in which it accounts for leases and the manner in which it accounts for restricted cash in 2019. Our opinion is not modified with respect to this matter.

1. Reporting Entity

Novant Health, Inc. ("Novant Health" or the "Company") is a nonprofit, integrated health care network of physician clinics, outpatient facilities and hospitals that serves patients and communities in North Carolina, Virginia and South Carolina. The Novant Health network consists of over 1,600 physicians and 29,000 team members at nearly 700 locations, including 15 medical centers and hundreds of outpatient facilities and physician clinics. Headquartered in Winston-Salem, North Carolina, Novant Health is committed to making healthcare remarkable for patients and communities, serving more than 5 million patients annually. Novant Health and its affiliates serve their communities with programs including health education, home health care, prenatal clinics, community clinics and immunization services.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Principles of Consolidation

The consolidated financial statements include the accounts of all affiliates controlled by Novant Health. All intercompany transactions and balances have been eliminated.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Significant estimates include, but are not limited to, accounts receivable price concessions, third-party payor settlements, goodwill and intangible asset valuation and subsequent recoverability, useful lives of intangible assets and property and equipment and medical and professional liability and other self-insurance accruals related assumptions.

Fair Value of Financial Instruments

The fair value of financial instruments approximates the carrying amount reported in the consolidated balance sheets for cash and cash equivalents, investments other than alternatives, assets limited as to use and interest rate swaps. More information can be found in Note 9, *Fair Value Measurements*.

Cash and Cash Equivalents

Cash and cash equivalents include highly liquid investments with an original maturity of three months or less, excluding amounts limited as to use by board designation, donors or trustees and certain amounts that are reported as long-term investments.

(in thousands of dollars)

Restricted Cash

Effective January 1, 2019, the Company adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2016-18, "Statement of Cash Flows (Topic 230)" using the retrospective transition method. This guidance requires that the consolidated statements of cash flows explain the change during the period in the total of cash, cash equivalents and restricted cash.

Novant Health holds cash that is restricted by the Company to purchase investments, pay participants in the Company's nonqualified plan and fund expenditures on certain capital projects which were financed by the issuance of the Series 2019 A bonds. Restricted cash balances were \$149,856 and \$231,513 as of December 31, 2020 and 2019, respectively, and are classified as long-term, consistent with the nature of their intended use based on the restrictions.

Accounts Receivable

Accounts receivable consist primarily of amounts owed by various governmental agencies, insurance companies and patients. Novant Health manages these receivables by regularly reviewing the accounts and contracts and by recording appropriate price concessions. Amounts the Company receives for treatment of patients covered by governmental programs and third-party payors as well as directly from patients are subject to both explicit and implicit price concessions. The Company estimates these price concessions using contractual agreements, discount policies and historical experience. Novant Health records price concessions in the period of service based on the analysis and consideration of these factors.

Leases

Effective January 1, 2019, the Company adopted FASB ASU 2016-02, "Leases (Topic 842)" using the modified retrospective transition approach as of the period of adoption. There was a cumulative effect adjustment to net assets without donor restrictions of \$20,589 as a result of the adoption.

Novant Health leases property and equipment under finance and operating leases and determines if an arrangement is a lease at the inception of the contract. Right-of-use assets represent the Company's right to use the underlying assets for the lease term and lease liabilities represent the Company's obligation to make lease payments arising from the leases. For leases with terms greater than 12 months, the related right-of-use assets and liabilities are recorded at the present value of lease payments over the term. Many of the Company's leases include rental escalation clauses and renewal options that are factored into our determination of lease payments when appropriate. The Company uses its estimated incremental borrowing rate, which is derived from information available at the lease commencement date, in determining the present value of the lease payment.

Other Current Assets

Other current assets include inventories (which primarily consist of hospital and medical supplies and pharmaceuticals), prepaid expenses, deferred lease income and other receivables. Inventory costs are determined primarily using the average cost method and are stated at the lower of cost or net realizable value.

(in thousands of dollars)

Investments

Debt investments are classified as trading securities. All debt investments are designated as trading at the time of acquisition. Unrealized gains and losses on debt and equity investments are included in excess of revenues over expenses, unless the income or loss is restricted by donor or law. Long-term investments are classified as noncurrent assets as the Company does not expect to use these funds to meet its current liabilities.

Investments in equity and debt securities with readily determinable fair values are measured at fair value based on prices obtained on active markets or exchanges. The Company also invests in alternative and private equity investments through funds structured as limited partnerships, limited liability companies ("LLC's") and corporations. These investments are recorded using the equity method, with the values provided by the respective partnership, LLC or corporation based on market value or other estimates that require varying degrees of judgment. The Company also has certain investments that are reported at Net Asset Value ("NAV") as permitted under GAAP. Novant Health believes the NAV reported at the end of the period is representative of the price we would receive if we sold the investment. For all of the Company's long-term investments, the related earnings are reported as investment income in the consolidated statements of operations and changes in net assets. At December 31, 2020 and 2019, the Company did not hold any long-term investments that were accounted for at cost less impairment with adjustments made for any observable price changes resulting from an orderly transaction for the identical or a similar investment of the same issuer.

Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the investment balances included in the consolidated financial statements.

Assets Limited as to Use

Assets limited as to use primarily include assets held by trustees and assets designated for specific purposes by the Board of Trustees.

Derivatives

The Company selectively enters into interest rate protection agreements to mitigate changes in interest rates on variable rate borrowings. The notional amounts of such agreements are used to measure the interest to be paid or received and do not represent the amount of exposure to loss. None of these agreements are used for speculative or trading purposes.

Derivatives are recognized on the consolidated balance sheets at fair value. The accounting for changes in the fair value of a derivative instrument depends on whether it has been designated and qualifies as part of a hedging relationship and further, on the type of hedging relationship. The Company formally documents the hedging relationships at inception of the contract for derivative transactions, including identifying the hedge instruments and hedged items, as well as the risk management objectives and strategies for entering into the hedge transaction. At inception and on a quarterly basis thereafter, the Company assesses the effectiveness of derivatives used to hedge transactions. If a cash flow hedge is deemed highly effective, the change in fair value is recorded as a change in net assets without donor restrictions. The change in fair value of derivatives that do not qualify for hedge accounting is recognized in excess of revenues over expenses.

(in thousands of dollars)

Property and Equipment

Property and equipment are recorded at cost, if purchased, or at fair value at the date of donation, if donated. Depreciation is computed on a straight-line basis over the estimated useful lives of the related assets. Leasehold improvements are amortized over the life of the lease or the useful life of the asset, whichever is shorter.

Following is a summary of the estimated useful lives used in computing depreciation:

Buildings	30–40 years
Machinery and equipment	3–15 years
Software	3–10 years
Furniture and fixtures	7–14 years

Maintenance and repairs of property and equipment are expensed in the period incurred. Replacements or improvements that increase the estimated useful life of an asset are capitalized. The Company also capitalizes the cost of software developed for internal use. Assets that are sold, retired or otherwise disposed of are removed from the respective asset cost and accumulated depreciation accounts and any gain or loss is included in the results of operations.

Under the terms of the 1984 deed in which the Forsyth County Board of County Commissioners conveyed the assets of Forsyth Memorial Hospital (the "Hospital") to Novant Health, Novant Health is required to operate the Hospital as a community general hospital open to the general public, and if Novant Health is dissolved, a successor nonprofit corporation approved by the Forsyth County Board of County Commissioners must carry out the terms and conditions of this conveyance. If these terms are not met, all ownership rights to the Hospital shall revert to the County, including the buildings and land together with the personal property and equipment associated with the Hospital with a net book value of approximately \$247,160 at December 31, 2020.

Gifts of long-lived assets such as land, buildings or equipment are excluded from excess of revenues over expenses and are reported as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Goodwill and Other Intangible Assets

Goodwill represents the excess of the purchase price over the fair value of the net assets of acquired companies. Intangible assets generally represent the acquisition date fair value of certain rights or relationships obtained in such business acquisitions.

The Company considers certificates of need, which are required by certain states prior to the acquisition of high cost capital items, to be indefinite-lived intangible assets. The Company also has intangible assets with identifiable useful lives related to business acquisitions. These assets include business relationships and corporate trade names. In accordance with GAAP, the Company amortizes the cost of these intangible assets over their estimated useful lives.

(in thousands of dollars)

Following is a summary of the estimated useful lives used in computing amortization:

Business relationships 26 years
Corporate trade name 29 years

On an annual basis, Novant Health tests goodwill and indefinite-lived assets for impairment. If it is more likely than not that the indefinite-lived asset is impaired, additional testing for impairment is required. GAAP prescribes that impairment for indefinite-lived intangibles is evaluated by comparing the fair value of the asset with its carrying amount. If the carrying amount exceeds the fair value, an impairment loss is recognized as the amount of that excess.

Impairment tests are performed at the reporting unit level for units that have goodwill. If it is more likely than not that the fair value of the reporting unit exceeds the carrying value of the reporting unit, additional impairment testing is not required. If it is more likely than not that the carrying value of the reporting unit exceeds the fair value of the reporting unit, additional testing for impairment is required. GAAP prescribes a two-step process for testing for goodwill impairments after applying the qualitative assessment. The first step is to determine if the carrying value of the reporting unit with goodwill is less than the related fair value of the reporting unit. The fair value of the reporting unit is determined through use of discounted cash flow methods and/or market based multiples of earnings and sales methods. If the carrying value of the reporting unit is less than the fair value of the reporting unit, the goodwill is not considered impaired. If the carrying value is greater than the fair value, the potential for impairment of goodwill exists. The goodwill impairment is determined by allocating the current fair value of the reporting unit among the assets and liabilities based on a purchase price allocation methodology as if the reporting unit was being acquired in a business combination. The fair value of the goodwill is implied from this allocation and compared to the carrying value with an impairment loss recognized if the carrying value is greater than the implied fair value.

Investments in Affiliates

Investments in entities which Novant Health does not control, but in which it has a substantial ownership interest and can exercise significant influence, are accounted for using the equity method. Investments for which the Company does not have the ability to exercise significant influence are accounted for at fair value or, if fair value is not readily determinable, at cost less impairment with adjustments made for any observable price changes resulting from an orderly transaction for the identical or a similar investment of the same issuer.

Other Assets

Other assets consist of notes and pledges receivable, insurance receivables, deferred rent income, prepaid pension costs and the cash surrender value of insurance policies.

Compensated Absences

The Company's employees earn vacation days at varying rates depending on years of service. Vacation time accumulates up to certain limits, at which time no additional vacation hours can be earned. Provided this hourly limit is not met, employees can continue to accumulate vacation hours and time can be carried over to future years. Accrued vacation time is included in accrued liabilities on the Company's consolidated balance sheets.

(in thousands of dollars)

Pension and Postretirement Benefit Plans

Novant Health's defined benefit plans are measured using actuarial techniques that reflect management's assumptions for discount rate, investment returns on plan assets, salary increases, expected retirement, mortality, employee turnover and future increases in healthcare costs. The discount rate (which is required to be the rate at which the projected benefit obligation could be effectively settled as of the measurement date) is determined with the assistance of actuaries, who calculate the yield on a theoretical portfolio of high-grade corporate bonds (rated Aa or better) with cash flows that are designed to match expected benefit payments in future years. The expected rate of return is a judgmental matter which is reviewed on an annual basis and revised as appropriate.

The accounting guidance related to employers' accounting for defined benefit pension and other postretirement plans requires recognition in the consolidated balance sheets of the funded status of these plans. The Company uses mark-to-market accounting and immediately recognizes changes in the fair value of plan assets and actuarial gains or losses in operating results annually in the fourth quarter. The remaining components of pension and postretirement healthcare expense, primarily service and interest costs and the expected return on plan assets, are recorded on a quarterly basis.

Self-Insurance Reserves

The Company is self-insured for certain employee health benefit options, workers' compensation and malpractice. These costs are accounted for on an accrual basis to include estimates of future payments for claims incurred.

Net Assets

Net assets without donor restrictions include undesignated amounts as well as amounts designated by the board for a specific purpose. Net assets with donor restrictions are held by related foundations and consist primarily of amounts contributed to foundations by donors with purpose restrictions. The Company also has net assets with donor restrictions that are perpetual in nature. Earnings on these assets are available for use as specified by the donors.

Contributions Received

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is received or the condition is met. The gifts are reported as net assets with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is met, net assets with donor restrictions are reclassified as net assets without donor restrictions and reported in the consolidated statements of operations and changes in net assets as net assets released from restrictions, which is included in other operating revenue. Donor-restricted contributions whose restrictions are met within the same year as received are reported as net assets without donor restrictions in the accompanying consolidated financial statements.

Statement of Operations

All activities of Novant Health deemed by management to be ongoing, major and central to the provision of healthcare services are reported as operating revenues and expenses. Other activities are deemed to be non-operating and include investment income, income tax expense and other net periodic pension costs.

(in thousands of dollars)

Novant Health receives supplemental Medicaid payments from the state of North Carolina through a federally approved disproportionate share program ("Medicaid DSH"). During 2012, the federal government approved an amendment to the Medicaid DSH plan. This amendment, referred to as the Medicaid Gap Assessment Program ("GAP"), provides a new funding model whereby hospitals are assessed an amount based on a percentage of their costs and are then paid supplemental amounts in an effort to reduce Medicaid losses. Novant Health records GAP payments received as net patient service revenue and GAP assessments paid as supplies and other on the consolidated statements of operations and changes in net assets. These supplemental payments are recognized in income when earned, if reasonably estimable and deemed collectible. There can be no assurance that this program will not be discontinued or materially modified. During 2020, Novant Health received \$186,180 and paid \$81,360 for GAP. During 2019, Novant Health received \$154,659 and paid \$79,850 for GAP.

The consolidated statements of operations and changes in net assets include excess of revenues over expenses. Changes in net assets without donor restrictions which are excluded from excess of revenues over expenses include cumulative effect of change in accounting principle, change in funded status of defined benefit plans and unrealized gain on derivative financial instruments that apply hedge accounting.

Other Revenue

Other revenue consists primarily of revenue from CARES Act funds, earnings from investments in affiliates accounted for using the equity method of accounting, retail pharmacy revenue, revenue from management services agreements, revenue from pay-for-performance contracts, gains on sales of consolidated entities and rental income.

Income Taxes

Novant Health is classified as a nonprofit organization pursuant to Section 501(c)(3) of the Internal Revenue Code and is exempt from income taxes on revenue earned from its tax-exempt purposes. Novant Health also operates various for-profit subsidiaries which operate in service lines that are complementary to the Company's tax-exempt purpose. Income from activities that are determined by IRS regulations to be unrelated to the tax-exempt purposes as well as income from activities of for-profit subsidiaries of the Company are subject to federal and state taxation.

The Company provides for income taxes using the asset and liability method. This approach recognizes the amount of federal, state and local taxes payable or refundable for the current year, as well as deferred tax assets and liabilities for the future tax consequences of events recognized in the consolidated financial statements and income tax returns. Deferred income tax assets and liabilities are adjusted to recognize the effects of changes in tax laws or enacted tax rates in the period in which such laws or rates are enacted. A valuation allowance is required when it is more likely than not that some portion of the deferred tax assets will not be realized. Realization is dependent on generating sufficient future taxable income.

Reclassifications

Certain balances in the prior fiscal year have been reclassified to conform to the presentation adopted in the current fiscal year.

3. COVID-19 Pandemic

In December 2019, a novel strain of coronavirus, known as COVID-19, was first detected. The virus spread worldwide and on March 11, 2020, the World Health Organization designated the COVID-19 outbreak as a global pandemic. The spread of COVID-19 and the ensuing response of federal, state and local authorities resulted in a reduction in our patient volumes and also adversely impacted net patient service revenues as well as total operating expenses for the year ended December 31, 2020. Federal, state and local authorities have taken several actions designed to assist healthcare providers in providing care to COVID-19 and other patients to mitigate the adverse economic impact of the COVID-19 pandemic.

In response to the effect of COVID-19 on Novant Health's operating results and in accordance with the provisions of FASB ASC 350 Intangibles— Goodwill and Other and FASB ASC 360 Property, Plant and Equipment, the Company reviewed its long-lived and intangible assets for indicators of impairment. While COVID-19 did adversely impact Novant Health's operating results, the Company does not believe that the effects are significant enough or of a long enough duration to indicate impairment as of and for the year ended December 31, 2020. Novant Health will continue to assess potential indicators of impairment in all future periods.

CARES Act Funding

In response to COVID-19, the Coronavirus Aid, Relief, and Economic Security (CARES) Act, was signed into law on March 27, 2020. The CARES Act provides relief funds to hospitals and other healthcare providers on the front lines of the COVID-19 response. These funds are to be used to support healthcare related expenses or lost revenues attributable to COVID-19. During 2020, Novant Health received \$240,224 of CARES Act funding, of which \$205,924 was recognized as other operating revenue in the consolidated statement of operations and changes in net assets. The remaining \$34,300 is included in estimated third-party payor settlements on the consolidated balance sheet and may be recorded as revenue in future periods or refunded, subject to certain terms and conditions and ongoing regulatory clarifications.

Medicare Accelerated and Advanced Payment Program

In April 2020, the Company requested funds under the Centers for Medicare and Medicaid Services' Accelerated and Advanced Payment ("MAP") Program designed to increase cash flow to Medicare providers and suppliers impacted by COVID-19. The MAP program allows eligible health care facilities to request up to six months of advance Medicare payments for acute care hospitals or up to three months of advance Medicare payments for other health care providers. Novant Health received \$373,718 of MAP payments, with repayment to occur based upon the terms and conditions of the program. These payments are included in accrued liabilities and employee benefits and other liabilities on the consolidated balance sheet as of December 31, 2020.

(in thousands of dollars)

Employer Payroll Tax Deferrals

Under the provisions of the CARES Act, employers are allowed to defer payment of the employer share of the Social Security tax they otherwise are responsible for submitting to the federal government with respect to their employees. Employers generally are responsible for paying a 6.2 percent tax on employee wages. The provision required that the deferred employment tax be paid over the following two years, with half of the amount required to be paid by December 31, 2021, and the other half by December 31, 2022. The Company has \$76,318 of payroll tax deferrals that are included in accrued liabilities and employee benefits and other liabilities on the consolidated balance sheet as of December 31, 2020.

4. Organizational Changes

Formation of Joint Ventures

In February 2019, the Company purchased 50% of the outstanding units of a company that operates two radiation oncology centers for \$16,600. This investment is being accounted for using the equity method.

In March 2019, the Company contributed its ownership interest in two imaging centers in South Carolina to a new joint venture. In addition to a 20% interest in the new joint venture, Novant Health received cash of \$12,985 and recorded a gain of \$6,731 which is included in other revenue in the consolidated statements of operations and changes in net assets. This investment is being accounted for using the equity method.

In April 2019, Novant Health UVA Health System, a subsidiary of the Company, contributed its ownership interest in two ambulatory surgical centers to a new legal entity and sold 51% of that entity to a third party. In exchange, the Company received cash of \$5,761 and recorded a gain of \$8,488 which is included in other revenue in the consolidated statements of operations and changes in net assets.

Divestiture of Imaging Centers

In December 2020, MedQuest, Inc., a subsidiary of the Company, sold the stock of three imaging centers. In exchange, the Company received cash of \$8,500 and recorded a gain of \$6,500 which is included in other revenue in the consolidated statements of operations and changes in net assets.

Divestiture of Retail Pharmacy Business

In October 2019, Novant Health entered into a retail health care collaboration agreement with Walgreens Co. ("Walgreens"). As part of this transaction, the Company sold its retail pharmacy business to Walgreens. The Company received cash of \$7,407 and recorded a gain of \$4,162 which is included in other revenue in the consolidated statements of operations and changes in net assets.

(in thousands of dollars)

Divestiture of Clinical Engineering Business

In December 2019, Novant Health sold its clinical engineering business to TRIMEDX Holdings, LLC ("TRIMEDX"). Novant Health received cash of \$9,650 and a 0.9% interest in TRIMEDX. TRIMEDX assumed existing contracts for clinical engineering and maintenance services for Novant Health. As a result of this transaction, the Company recorded a gain of \$19,140 which is included in other revenue in the consolidated statements of operations and changes in net assets.

5. Revenue Recognition and Accounts Receivable

Net Patient Service Revenue

Net patient service revenue is reported at the amount that reflects the consideration to which Novant Health expects to be entitled in exchange for providing patient care. These amounts are due from patients, third-party payors (including health insurers and government programs) and others. Generally, the Company bills the patient and third-party payors several days after the services are performed and/or the patient is discharged from the facility. Revenue is recognized as performance obligations are satisfied.

Performance obligations are determined based on the nature of the services provided by the Company. Revenue for performance obligations satisfied over time is recognized based on actual charges incurred in relation to total expected or actual charges. Novant Health believes that this method provides a faithful depiction of the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation. Generally, performance obligations satisfied over time relate to patients in our hospitals receiving inpatient acute care services. The Company measures the performance obligation from admission into the hospital to the point when it is no longer required to provide services to that patient, which is generally at the time of discharge. Revenue for performance obligations satisfied at a point in time is recognized when goods or services are provided and the Company does not believe it is required to provide additional goods or services to the patient.

Because all of its performance obligations relate to contracts with a duration of less than one year, the Company has elected to apply the practical expedient provided in FASB ASC 606-10-50-14(a) and, therefore, is not required to disclose the aggregate amounts of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period. These performance obligations are primarily related to inpatient acute care services at the end of the reporting period. The performance obligations for these contracts are generally completed when the patients are discharged, which generally occurs within days or weeks of the end of the reporting period.

Novant Health determines the transaction price based on standard charges for goods and services provided, reduced by contractual adjustments provided to third-party payors, discounts provided to uninsured patients in accordance with Novant Health's policies and/or implicit price concessions provided to uninsured patients. The Company determines its estimates of contractual adjustments and discounts based on contractual agreements, its discount policies and historical experience. The Company determines its estimate of implicit price concessions based on historical collection experience.

(in thousands of dollars)

Agreements with third-party payors typically provide for payments at amounts less than established charges. For services provided under Medicare and Medicaid programs, inpatient acute care services rendered to program beneficiaries are paid at prospectively determined rates per diagnosis. These rates vary according to a patient classification system that is based on clinical, diagnostic and other factors. Inpatient non-acute services, certain outpatient services and defined capital and medical education costs related to beneficiaries are paid based on a cost reimbursement methodology. Outpatient services are paid at a prospectively determined rate. Physician services are paid based upon established fee schedules. Novant Health is reimbursed for cost reimbursable items at a tentative rate with final settlement determined after submission of annual cost reports by Novant Health and audits thereof by the fiscal intermediary. Payment arrangements with commercial insurance carriers include prospectively determined rates per discharge, discounts from established charges and prospectively determined daily rates.

Laws and regulations concerning government programs, including Medicare and Medicaid, are complex and subject to interpretation. Compliance with such laws and regulations may also be subject to future government review and interpretation as well as significant regulatory action, including fines, penalties and potential exclusion from the related programs. There can be no assurance that regulatory authorities will not challenge Novant Health's compliance with these laws and regulations, and it is not possible to determine the impact (if any) such claims or penalties would have upon the Company. In addition, the contracts the Company has with commercial payors also provide for retroactive audit and review of claims.

Cost report settlements under reimbursement agreements with Medicare and Medicaid for retroactive adjustments due to audits, reviews or investigations are considered variable consideration and are included in the determination of the estimated transaction price for providing patient care. These settlements are estimated based on the terms of the payment agreement with the payor, correspondence from the payor and the Company's historical experience. Estimated settlements are adjusted in future periods as final settlements are determined. There is a reasonable possibility that recorded estimates will change by a material amount in the near term. Adjustments arising from a change in the transaction price were not significant in 2020 and 2019.

Generally patients who are covered by third-party payors are responsible for related deductibles and coinsurance, which vary in amount. Novant Health also provides services to uninsured patients. The transaction price for both uninsured patients as well as insured patients with deductibles and coinsurance is estimated based on historical experience and current market conditions. The initial estimate of the transaction price is determined by reducing the standard charge by any contractual adjustments, discounts and implicit price concessions. Subsequent changes to the estimate of the transaction price are generally recorded as adjustments to net patient service revenue in the period of the change. For the years ended December 31, 2020 and 2019, additional revenue of \$25,900 and \$33,000, respectively, was recognized due to changes in estimates of implicit price concessions, discounts and contractual adjustments for performance obligations satisfied in prior years. Subsequent changes that are determined to be the results of an adverse change in the patient's ability to pay are recorded as bad debt expense. Bad debt expense is reported as a component of supplies and other in the consolidated statements of operations and changes in net assets and was not significant for the years ended December 31, 2020 and 2019.

(in thousands of dollars)

The composition of net patient service revenues by payor and type of service is as follows:

	December 31, 2020										
	A	Acute Care			Outpatient						
		Facilities		Locations			Total				
Medicare	\$	1,089,219		\$	440,236	\$	1,529,455

Total	\$	3,474,062		\$	1,581,374	\$	5,055,436				

Novant Health has elected the practical expedient allowed under FASB ASC 606-10-32-18 and does not adjust the promised amount of consideration from patients and third-party payors for the effects of a significant financing component due to the Company's expectation that the period between the time the service is provided to a patient and the time that the patient or a third-party payor pays for that service will be one year or less. However, the Company does, in certain instances, enter into payment agreements with patients that allow payments in excess of one year. For those cases, the financing component is not deemed to be significant to the contract.

Novant Health has a program of factoring certain patient receivables with recourse to a third-party. Novant Health is obligated to repurchase factored receivables upon occurrence of certain conditions of the program. Accordingly, the Company accounts for the factoring as a secured borrowing. The factored receivables are recorded at their estimated net realizable value and are shown as other assets in the consolidated balance sheets. An offsetting liability, representing Novant Health's potential recourse for these receivables, is part of employee benefits and other liabilities in the consolidated balance sheets. As of December 31, 2020, the factored notes and the related liabilities were \$54,001 and \$67,548, respectively. As of December 31, 2019, the factored notes and the related liabilities were \$54,761 and \$68,594, respectively.

Other Revenue

In addition to net patient service revenue, Novant Health also recognizes revenue related to other, non-patient related transactions. These transactions primarily include revenue from CARES Act funds, retail pharmacy revenue, revenue from management services agreements, revenue from pay-for-performance contracts, gains on sales of consolidated entities and rental income. Revenue from these transactions is recognized when obligations under the terms of the respective contract are satisfied and is measured as the amount of consideration the Company expects to receive from those services. The Company recognizes rental income in accordance with GAAP on a straight-line basis over the lease term.

6. Charity Care and Community Benefit

In accordance with Novant Health's mission to improve the health of its communities one person at a time, Novant Health facilities accept patients regardless of their ability to pay. At acute facilities, uninsured patients qualify for a full write-off of their bills if their household income is at or below 300% of the federal poverty level. Novant Health also offers a catastrophic discount for patients with an account balance greater than \$5, flexible payment plans, and discounts for uninsured patients who do not qualify for the charity care program. In addition to these programs for hospitals, Novant Health physician groups and outpatient centers also have charity care programs to assist patients in need. The Company's approximate cost of providing care to indigent patients was \$179,072 and \$152,295 for the years ended December 31, 2020 and 2019, respectively. Novant Health estimates the costs of providing traditional charity care using each facility's estimated ratio of costs to charges. Funds received from gifts or grants to subsidize charity services provided were \$3,596 and \$2,111 for the years ended December 31, 2020 and 2019, respectively.

7. Other Current Assets

Other current assets consist of the following at December 31:

The Company's investments in hedge funds include funds structured as limited partnerships, LLCs and corporations. These funds are domiciled in the U.S. and foreign jurisdictions and are managed by investment managers subject to oversight by various countries' regulators. The underlying assets of the hedge funds vary widely in risk and liquidity. Overall, the hedge fund holdings of the Company are expected to provide improved diversification to the Company's broader portfolio.

The Company's investments in hedge funds represent 14.1% and 16.8% of total long-term investments held at December 31, 2020 and 2019, respectively. These instruments may contain elements of both credit and market risk. Such risks include, but are not limited to, limited liquidity, absence of oversight, dependence upon key individuals, emphasis on speculative investments (both derivatives and nonmarketable investments) and nondisclosure of portfolio composition.

Novant Health is obligated under certain investment agreements to periodically advance additional funding up to specified levels. As of December 31, 2020 and 2019, Novant Health had future commitments of \$343,566 and \$286,635, respectively, for which capital calls had not been exercised.

Investment income for assets limited as to use and investments is comprised of the following for the years ended December 31:

2020			
\$	37,518	\$	51,053
	37,347		70,638

As part of the Company's liquidity management plan, cash in excess of daily requirements is invested in either money market funds, short-term investments or long-term investments. Investment decisions are made based on anticipated liquidity needs, such that financial assets are available as general expenditures, liabilities and other obligations come due. Additionally, Novant Health maintains a \$950,000 line of credit, as discussed in Note 16, *Long-Term Debt*. As of December 31, 2020, \$950,000 was available on the line of credit. As of December 31, 2020, the Company was in compliance with financial covenants as discussed in Note 16, *Long-Term Debt*.

9. Fair Value Measurements

Novant Health categorizes, for disclosure purposes, assets and liabilities measured at fair value in the consolidated financial statements based upon whether the inputs used to determine their fair values are observable or unobservable. Observable inputs are inputs which are based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about pricing the asset or liability, based on the best information available in the circumstances.

(in thousands of dollars)

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an asset's or liability's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement of the asset or liability. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

Novant Health follows the three-level fair value hierarchy to categorize these assets and liabilities recognized at fair value at each reporting period, which prioritizes the inputs used to measure such fair values. Level inputs are defined as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities on the reporting date. Investments classified in this level generally include exchange traded equity securities, futures, pooled short-term investment funds, options and exchange traded mutual funds.
- Level 2: Inputs other than quoted market prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. If the asset or liability has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability. Investments classified in this level generally include fixed income securities, including fixed income government obligations; asset-backed securities; certificates of deposit; derivatives; as well as certain U.S. and international equities which are not traded on an active exchange.
- Level 3: Pricing inputs are generally unobservable for the assets and liabilities and include situations where there is little, if any, market activity for the investment. The inputs into the determination of the fair value require management's judgment or estimation of assumptions that market participants would use in pricing the assets or liabilities.

Assets and liabilities classified as Level 1 are valued using unadjusted quoted market prices for identical assets or liabilities in active markets. Novant Health uses techniques consistent with the market approach and income approach for measuring the fair value of its Level 2 assets and liabilities. The market approach is a valuation technique that uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. The income approach generally converts future amounts (cash flows or earnings) to a single present value amount (discounted).

The degree of judgement exercised in determining fair value is greatest for securities categorized in Level 3. Inputs used in estimating the fair value of Level 3 investments include earnings metrics and a valuation multiple. Assumptions used, due to lack of observable inputs, may significantly impact the fair value of the investment.

(in thousands of dollars)

As of December 31, 2020 and 2019, the Level 1 and Level 2 assets and liabilities listed in the fair value hierarchy tables below utilize the following valuation techniques and inputs:

Certificates of deposit

The fair value of certificates of deposit is based on cost plus accrued interest. Significant observable inputs include security cost, maturity and relevant short-term interest rates.

U.S. equities, international equities, emerging markets and other exchange traded funds

The fair value of investments in U.S. equities, international equities, emerging markets and other exchange traded funds are primarily determined using either quoted prices in active markets or the calculated net asset value. The values for underlying investments are fair value estimates determined by external fund managers based on operating results, balance sheet stability, growth and other business and market sector fundamentals. The investments in Level 2 may be redeemed or liquidated on a daily basis with no notice.

Fixed income and debt securities

The fair value of investments in fixed income and debt securities is primarily determined using techniques that are consistent with the market approach. Significant observable inputs include benchmark yields, reported trades, observable broker/dealer quotes, issuer spreads and security specific characteristics, such as early redemption options.

Derivatives

The fair value of derivative contracts is primarily determined using techniques consistent with the market approach. Significant observable inputs to valuation models include interest rates, credit spreads, volatilities and maturity.

During 2020 and 2019, there were no transfers between Level 1 and 2.

Novant Health reviews long-lived assets for recoverability as required when events and changes in circumstances indicate that its carrying value may not be recoverable. No impairment charges were recorded in 2020 or 2019.

Depreciation expense for the years ended December 31, 2020 and 2019 was \$257,293 and \$263,471, respectively. Construction contracts of approximately \$324,209 exist for the expansion of existing hospitals and facility renovations. At December 31, 2020, the remaining commitment on these contracts was \$66,810.

11. Leases

Novant Health leases property and equipment under non-cancellable agreements. The following table presents the components of our right-of-use assets and liabilities related to leases and their classification as of December 31:

Total lease liabilities		\$ 514,131	\$ 511,125

Novant Health's operating leases are primarily for real estate, including off-campus outpatient facilities, medical office buildings and corporate and other administrative offices, as well as medical and office equipment. Novant Health's finance leases consist of a real estate lease and several medical equipment leases. Real estate lease agreements typically have initial terms of five to ten years and equipment lease agreements typically have initial terms of three years. Leases with an initial term of 12 months or less ("short-term leases") are not recorded in the consolidated balance sheets.

Real estate leases may include one or more options to renew, with renewals that can extend the lease term from five to ten years. The exercise of lease renewal options is at the Company's sole discretion. In general, renewal options are not considered to be reasonably likely to be exercised, therefore, renewal options are generally not recognized as part of right-of-use assets and lease liabilities. Certain leases also include options to purchase the leased property. The useful lives of assets and leasehold improvements are limited by the expected lease term, unless there is a transfer of title or purchase option reasonably certain of exercise. The majority of medical equipment leases have terms of three years with a bargain purchase option that is reasonably certain of exercise; therefore, these assets are depreciated over their useful life, typically ranging from five to seven years.

(in thousands of dollars)

Certain lease agreements for real estate include payments based on actual common area maintenance expenses and/or include rental payments adjusted periodically for inflation. These variable lease payments are recognized in supplies and other in the consolidated statements of operations and changes in net assets but are not included in the right-of-use asset or liability balances in our consolidated balance sheets. Lease agreements do not contain any material residual value guarantees, restrictions or covenants.

Novant Health has elected the practical expedient that allows lessees to choose to not separate lease and non-lease components by class of underlying asset and are applying this expedient to all asset classes.

The following table presents certain information related to lease expense for finance and operating leases for the years ended December 31:

	2020			2019

The Company entered into agreements to obtain right-of-use assets that created lease liabilities which resulted in noncash operating activities of \$59,384 and noncash financing and investing activities of \$7,288 for the year ended December 31, 2020.

Future maturities of lease liabilities at December 31, 2020 are presented in the following table:

	Operating Leases		Finan	ce Leases	 Total

At December 31, 2020, the weighted average remaining lease term for operating leases is 7.2 years and the weighted average discount rate is 2.6%. For finance leases, the weighted average remaining lease term is 8.6 years and the weighted average discount rate is 1.5%.

Novant Health is also a lessor and sublessor of real estate under operating leases. At December 31, 2020 and 2019, \$12,283 and \$11,572, respectively, of deferred rent was recorded in the consolidated balance sheets as a component of other assets. Lease income for the years ended December 31, 2020 and 2019 was \$11,106 and \$10,331, respectively, which is included in other revenue in the consolidated statements of operations and changes in net assets. Most of the Company's leases include operating expenses such as utilities and maintenance costs in rent charges. However, variable rent income is not material. The Company has elected the practical expedient that allows lessors to not separate lease and non-lease components by class of underlying asset for all asset classes. The combined component is accounted for under lease accounting guidance.

At December 31, 2020 and 2019, land and buildings with a net book value of \$14,888 and \$16,623, respectively, were leased to various unrelated health care organizations, with terms ranging from six months to five years. These assets are included in property and equipment, net on the consolidated balance sheets.

Although the Company leases and subleases a small amount of building space to non-affiliated medical practices, the significant leases consist of long-term ground leases classified as operating leases with remaining terms from 42 years with options to extend for the additional terms of five years each to 64 years with no options to extend.

Novant Health reviews long-lived assets for recoverability as required when events and changes in circumstances indicate that its carrying value may not be recoverable. The Company tests goodwill and indefinite-lived assets for impairment on an annual basis. No impairment charges to amortizable intangible assets were recorded as a result of this review in 2020 or 2019. Impairment tests presume stable or improving results at certain Novant Health reporting units which are based on the implementation of programs and initiatives that are designed to achieve projected results. If these projections are not met, or in the future negative trends occur which would impact our future outlook, further impairments of goodwill and other intangible assets may occur. Future restructuring of our markets that could potentially change our reporting units could also result in future impairments of goodwill.

In 2003, Novant Health entered into a new Master Trust Indenture (the "Agreement"). The Agreement authorizes the creation of a Combined Group, which consists of the members of the Obligated Group and the Restricted Affiliates. Novant Health and two of its affiliates that operate tertiary care hospitals, Novant Health Forsyth Medical Center and Novant Health Presbyterian Medical Center, are the members of the Obligated Group. The members of the Obligated Group are jointly and severally liable for the payment of all obligations under the Agreement. The Company's Restricted Affiliates, which include certain other subsidiaries of the Company, are not directly obligated to pay obligations under the Agreement, but the members of the Obligated Group have covenanted in the Agreement to cause the Restricted Affiliates to provide funds to the members of the Obligated Group to pay obligations under the Agreement. All bonds issued by Novant Health are collateralized by the Obligated Group.

The bond agreements provide for early redemption periods of the bonds prior to mandatory redemption, subject to a premium, generally ranging from 0.0% to 2.0%, as defined in the agreements. In accordance with the bond indenture agreements, the bonds are general, unsecured obligations of Novant Health. The bond indentures require Novant Health to cause the Restricted Affiliates to comply with certain covenants, including the maintenance of a minimum debt service coverage ratio and a minimum number of days cash on hand. As of December 31, 2020 and 2019, Novant Health is in compliance with these bond covenants.

The Series 2004 A and B Variable Rate Demand Bonds are collateralized by a standby purchase agreement ("SBPA") issued by JP Morgan Chase Bank National Association. The SBPA expires April 1, 2025. If the SBPA should be used to fund tenders due to a failed remarketing, repayment in quarterly installments over three years is required. As a result, the Company has classified \$36,818 of the 2004 bonds as current at December 31, 2020 and 2019.

In March 2011, the documents related to the Series 2008 A, B and C Variable Rate Demand Bonds were amended to allow the conversion of the bonds to bank direct purchase index floating rate bonds. In December 2017, the Series 2008 A, B, and C Variable Rate Demand Bonds were refinanced. Subsequent to the refinancing, the direct purchase agreements have a term of seven years and will expire in December 2024.

In July 2019, Novant Health issued \$306,985 of Series 2019 A bonds through the North Carolina Medical Care Commission. Proceeds of the bonds were used to refund outstanding balances on the revolving credit facility, pay expenses of issuing the bonds and to finance and reimburse Novant Health for expenses related to constructing and equipping additions and renovations to several acute care facilities and constructing a new acute care facility, Novant Health Mint Hill Medical Center.

On November 1, 2020, Novant Health called the Series 2010 A bonds and repaid them at face value using the proceeds of the Taxable Term Loan.

Taxable Revenue Bonds

On September 23, 2009, Novant Health issued \$350,000 of taxable fixed rate bonds (the "2009 A Bonds"). \$250,000 of these bonds bore interest at a rate of 5.85% and matured in 2019. The remaining \$100,000 of these bonds matured in 2014. Proceeds of the 2009 A Bonds were used to refinance a portion of the Company's revolving credit facility in January 2010.

(in thousands of dollars)

On April 23, 2013, Novant Health issued \$250,000 of taxable fixed rate bonds (the "2013 C Bonds"). The 2013 C Bonds bear interest at a rate of 4.37% and mature in 2043. Proceeds of the 2013 C Bonds were used for eligible purposes, including the refinancing of long-term debt.

The taxable revenue bonds are subject to the same covenant requirements that are included in the bond agreements for the tax-exempt revenue bonds.

Taxable Term Loan

In March 2020, Novant Health entered into an agreement to borrow \$264,165. The loan bears interest at a fixed rate with principal payments due annually beginning in 2023 through the maturity date of April 1, 2030.

Other Long-Term Debt

Other long-term debt consists of a promissory note related to the redemption of a membership interest and various loans and notes on buildings and finance leases, bearing interest at rates ranging from 0.81% to 12.15%.

Scheduled maturities of all long-term debt are as follows:

2021 \$	18,030
2022	20,330
2023	26,514
2024	25,639
2025	21,132
Thereafter1	1,197,743
<u>\$ 1</u>	1,309,388

Novant Health capitalized \$5,437 and \$3,795 of interest in 2020 and 2019, respectively.

Revolving Credit Facility

On June 13, 2013, Novant Health entered into a \$200,000 Senior Revolving Credit Facility. In March 2017, the Senior Revolving Credit Facility was amended and is available through March 27, 2022. At December 31, 2019, \$200,000 was available for borrowing. In April 2020, the Senior Revolving Credit Facility was terminated. On April 1, 2020, Novant Health entered into a \$950,000 Revolving Credit Agreement which is available until September 30, 2021. Borrowings bear interest at variable rates. At December 31, 2020, \$950,000 was available for borrowing.

Debt Issuance Costs

Unamortized debt issuance costs are presented in the consolidated balance sheets as a direct deduction from the carrying value of the associated debt. Debt issuance costs are amortized using the effective interest method over the life of the related debt agreements and instruments.

(in thousands of dollars)

17. Short-Term Borrowings

Short-term borrowings consist primarily of securities repurchase transactions. Securities repurchase transactions are conducted by the Company under a standardized securities industry master agreement, amended to suit the specificities of each respective counter-party. These agreements generally provide detail as to the nature of the transaction, including provisions for payment netting, established parameters concerning the ownership and custody of the collateral securities, including the right to substitute collateral during the term of the agreement, and provide for remedies in the event of default by either party. The Company's securities repurchase agreements are accounted for as a secured borrowing and are reported in the consolidated balance sheets as short-term borrowings. The Company posts collateral in the form of U.S. treasury, agency securities and treasury inflation protected securities and receives an amount equal to approximately 98% of the fair value of the securities to be repurchased during January 2021 at interest rates ranging from 0.25% to 3.00%. At December 31, 2020 and 2019, the fair value amounts outstanding were \$149,592 and \$88,176, respectively. The interest rate on the outstanding balances at December 31, 2020 is 0.22%. The maturity dates of the agreements are under two weeks.

18. Interest Rate Swaps

As of August 18, 2008, concurrent with the 2008 bond issuance, Novant Health entered into two interest rate swap agreements to hedge the variable interest rates of the 2008 bonds. The swaps are based on an aggregate notional amount of \$77,095. Novant Health receives a variable rate which is tied to 68% of LIBOR, and pays a fixed rate of 3.679% and 3.621% for the \$56,100 and \$20,995 notional amounts, respectively. The swaps have been designated as cash flow hedges and are carried on the consolidated balance sheets at fair value. In the fourth quarter of 2018, the hedging relationship ceased to be highly effective and hedge accounting was discontinued.

In July 2006, Novant Health entered into a floating-to-fixed swap agreement with a notional amount of \$135,000 and a term of 28 years to hedge the floating rate 2004 bonds. Novant Health receives a variable rate which is tied to 64.8% of LIBOR plus 12 basis points and pays a fixed interest rate of 3.8%. The swap has been designated as a cash flow hedge and is carried on the consolidated balance sheets at fair value. In the first quarter of 2019, the hedge relationship ceased to be highly effective and hedge accounting was discontinued.

Novant Health records interest rate swaps at fair value. These swaps are presented as derivative financial instruments in the consolidated balance sheets.

The following table summarizes the expense for derivatives after hedge accounting was discontinued. This expense is included in interest expense in the consolidated statements of operations and changes in net assets for the years ended December 31:

(in thousands of dollars)

The components of deferred taxes are as follows:

	:	2020	2019
Deferred tax assets			
Loss carryforwards	\$	16,493	\$ 17,757
Deferred charge for intercompany transfer		5,329	6,655

Total deferred tax liabilities		(10,786)	(9,790)
Valuation allowance		(18,975)	 (20,419)
Net deferred tax asset	\$	123	\$ 1,423

GAAP requires that deferred tax assets be reduced by a valuation allowance if it is more likely than not that some portion or all of a deferred tax asset will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences are deductible. In making this determination, management considers all available positive and negative evidence affecting specific deferred tax assets, including the Company's past and anticipated future performance, reversal of deferred tax liabilities, length of carryback and carryforward periods and implementation of tax planning strategies.

Objective positive evidence is necessary to support a conclusion that a valuation allowance is not needed for all or a portion of deferred tax assets when significant negative evidence exists. Cumulative losses in recent years are the most compelling form of negative evidence considered by management in this determination. For the years ended December 31, 2020 and 2019, management has determined that based on all available evidence, a valuation allowance of \$18,975 and \$20,419, respectively, is appropriate.

As of December 31, 2020, the Company had approximately \$73,426 of federal and \$54,585 of state loss carryforwards available to reduce taxable income. \$66,943 of the loss carryforwards expire through 2038 and the remainder do not expire. In addition, at December 31, 2020, the Company had approximately \$11,030 of federal and \$2,815 of state contribution carryforwards available to reduce taxable income.

Income tax expense (benefit) reported in the consolidated statements of operations and changes in net assets is shown below:

	2020	2019			
Federal taxes	\$ 530	\$	6,053		
State income taxes	 (25)		1,305		
	\$ 505	\$	7,358		

The Company is required to evaluate uncertain tax positions. This evaluation includes a quantification of tax risk in areas such as unrelated business taxable income and the taxation of our for-profit subsidiaries. This evaluation did not have a material effect on the Company's consolidated statements of operations and changes in net assets for the years ended December 31, 2020 and 2019.

21. Employee Benefit Plans and Other Postretirement Benefit Plans

Certain Novant Health affiliates participate in the Pension Restoration Plan of Novant Health, Inc. (the "Novant Plan"), a noncontributory defined benefit pension plan covering substantially all the affiliates' employees of record as of December 1998. Participation is limited to vested employees as of December 31, 1998. Effective January 1, 2008, and July 1, 2009, the Company assumed two noncontributory defined benefit plans, the Pension Plan for the Employees of Rowan Regional Medical Center (the "Rowan Plan") and the Prince William Hospital Corporation Cash Balance Pension Plan (the "Prince William Plan"), respectively. Participation in the Rowan Plan was closed to new entrants and the accrued benefits were frozen as of December 31, 2003. Participation in the Prince William Plan was closed to new entrants and the accrued benefits were frozen as of April 1, 2010. The assets of the plans are primarily invested in fixed income securities (both U.S. government and corporate debt) and cash and cash equivalents.

In 2018, the Novant Health Board of Trustees decided to terminate the Novant Plan, the Rowan Plan and the Prince William Plan. During 2019, all assets were transferred from the plans as either lump sum payments to participants or to an insurance company for current and future annuity payments. As a result of the termination, the Company recorded an additional expense in other net periodic pension costs in the consolidated statements of operations and changes in net assets of \$2,480. Also during 2019, the Company provided additional funding of \$16,146 to the plans.

Certain Novant Health affiliates have supplemental retirement income plans covering highly compensated employees. These are nonqualified plans which are not subject to ERISA funding requirements. As such, Novant Health intends only to fund the plans in amounts equivalent to the plans' annual benefit payments. During 2013, the Company implemented a new supplemental retirement income plan that covers certain highly compensated employees. This plan acts as a defined contribution plan and annual funding requirements are determined under provisions of the plan. Some of these plans are nonqualified deferred compensation plans which provide certain individuals meeting specific criteria with the ability to defer compensation. The assets of these plans, along with the associated liabilities, are recorded as current and long-term assets limited as to use, accrued liabilities, and employee benefits and other liabilities on the consolidated balance sheets.

(in thousands of dollars)

Novant Health also provides fixed dollar amounts for health care and life insurance benefits to certain retired employees. Covered employees may become eligible for these benefits if they meet minimum age and service requirements, and if they are eligible for retirement benefits. Novant Health has the right to modify or terminate these benefits.

Information regarding benefit obligations, plan assets, funded status, expected cash flows and net periodic benefit cost follows within this footnote.

Cash Flows

The Company does not plan to make any contributions to its defined benefit pension plans in 2021. The Company expects to make contributions to the supplemental retirement income plans of approximately \$4,086 for the 2021 fiscal year.

The following assumed benefit payments, which reflect expected future service, as appropriate, and were used in the calculation of projected benefit obligations, are estimated to be paid as follows:

In developing the expected return on plan assets, the Company considers the plan assets' historical actual return, targeted asset allocations and the anticipated future economic environment and long-term performance of individual asset classes, based on the Company's investment strategy. While appropriate consideration is given to recent and historical investment performance, the assumption represents management's best estimate of the long-term prospective return.

In addition to these plans, Novant Health sponsors a number of defined contribution plans. Contributions are determined under various formulas. Costs related to such plans amounted to \$87,444 and \$91,159 in 2020 and 2019, respectively.

Certain Novant Health consolidated affiliates participate in cafeteria plans which provide certain benefits, including basic medical and dental coverage, long-term disability benefits, reimbursement of supplemental dependent care expenses and group life insurance benefits. The affiliates contribute predetermined amounts for each full-time and part-time employee, which is allocated to the various benefit options in accordance with the participant's election. Affiliate contributions to these plans were approximately \$282,126 in 2020 and \$291,370 in 2019.

24. Professional and General Liability Insurance Coverage

Novant Health is self-insured for professional and general liability exposures up to certain limits. The Company has umbrella policies in place above those limits. The provision for estimated medical malpractice claims includes estimates of the ultimate costs for reported claims and claims incurred but not reported. Novant Health also participates in a self-insured program for workers' compensation and is self-insured for certain health benefits options. A portion of these self-insured professional liabilities is funded through a revocable trust fund operated by Novant Health. This fund was converted to claims-made status on January 1, 2020, and prior reported liabilities under this coverage were placed in run-off. Effective January 1, 2020, funding for self-insured professional liabilities are insured by Novant Health Casualty, LLC a North Carolina domiciled insurance captive. Coverage terms and umbrella policies of the same or higher limits are in place for the captive. At December 31, 2020 and 2019, undiscounted professional and general liability loss reserves of \$61,859 and \$70,583, respectively, are included in current liabilities and employee benefits and other liabilities on the consolidated balance sheets. Expenses related to these plans amounted to \$19,181 and \$19,208 in 2020 and 2019, respectively.

25. Commitments and Contingencies

The Company and its affiliates are presently involved in various personal injury, regulatory investigations, tort actions and other claims and assessments arising out of the normal course of business. The Company establishes separate legal reserves when such matters, other than those covered under the Company's self-insured programs, present loss contingencies that are both probable and estimable. Management believes that Novant Health has adequate legal defenses, selfinsurance reserves and/or insurance coverage for these asserted claims, as well as any unasserted claims and does not believe these claims will have a material effect on the Company's operations or financial position. The health care industry is subject to numerous laws and regulations of federal, state and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government health care program participation requirements, reimbursement for patient services and Medicare and Medicaid fraud and abuse. In recent years, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by health care providers. Violations of these laws and regulations could result in expulsion from government health care programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed.

(in thousands of dollars)

At December 31, 2020, the Company had guarantees for payment of the indebtedness and lease agreements of certain equity method investees. The maximum potential amount of future payments under these agreements was approximately \$29,545. These guarantees extend until October 2026 based on the payment schedule of the underlying agreements. At December 31, 2020, \$985 has been recorded in the consolidated balance sheet for the Company's obligations under these guarantees.

26. Concentrations of Credit Risk

Novant Health provides services primarily to the residents of various counties within North Carolina, South Carolina and Virginia without collateral or other proof of ability to pay. Most patients are local residents who are insured partially or fully under third-party payor arrangements.

The mix of receivables from patients and third-party payors at December 31 is as follows:

	2020	2019
Medicare	28.8%	25.2%
Medicaid	4.7%	4.9%
Other third-party payors	62.3%	65.1%
Patients	4.2%	4.8%
	100.0%	100.0%

Novant Health places the majority of its cash and investments with corporate and financial institutions. Novant Health maintains cash balances in excess of FDIC insured limits; however, the Company has not experienced any losses on such deposits.

(in thousands of dollars)

27. Functional Expenses

Novant Health provides general health care services to residents within its geographic region. Novant Health's financial statements report certain expense categories that are attributable to more than one health care service or support function. Therefore, these expenses require an allocation on a reasonable basis that is consistently applied. Costs not directly attributable to a function, including depreciation, amortization and interest and other occupancy costs, are allocated to a function based on a square footage or units of service basis. Allocated health care services costs not allocated on a units of service basis are generally allocated based on revenue. Expenses relating to providing these services are as follows:

28. Subsequent Events

On February 1, 2021, a wholly owned subsidiary of Novant Health, Inc. purchased substantially all of the assets of New Hanover Regional Medical Center located in Wilmington, NC as well as certain assets of New Hanover County used by New Hanover Regional Medical Center in the delivery of health care services. The purchased assets also include ownership interest or board control of the subsidiaries of New Hanover Regional Medical Center, most significantly, its physician practices which provide patient care at 55 locations. New Hanover Regional Medical Center includes 800 licensed beds and is the primary referral hospital in the region, with specialty centers in cardiac, cancer, obstetrics, trauma, vascular surgery, intensive care, rehabilitation and psychiatry. The total purchase price paid for the acquisition was \$1,500,000, plus adjustments for cash and working capital. In order to finance the transaction, on January 29, 2021, Novant Health amended its Revolving Credit Agreement to increase the borrowing limit to \$1,600,000 and extend the maturity date to July 29, 2022. The Revolving Credit Agreement is fully drawn as of the date these financial statements were issued. The purchase price allocation for this acquisition has not been finalized.

In January 2021, Novant Health signed a non-binding letter of intent with The Rector and Visitors of the University of Virginia, on behalf of its Medical Center. The purpose of the letter of intent is to proceed with discussing a potential sale of Novant Health's 60% ownership interest in Novant Health UVA Health System. The terms of the potential transaction have not yet been finalized.

The Company evaluated subsequent events and transactions for potential recognition or disclosure in the consolidated financial statements through March 29, 2021, the day the consolidated financial statements were issued.

29. Significant Recent Accounting Pronouncements

In January 2017, the FASB issued ASU 2017-04, Simplifying the Test for Goodwill Impairment. The new guidance eliminates the requirement to calculate the implied fair value of goodwill (i.e., Step 2 of the current goodwill impairment test) to measure a goodwill impairment charge. Instead, entities will record an impairment charge based on the excess of a reporting unit's carrying amount over its fair value (i.e., measure the charge based on the current Step 1). This guidance is effective for Novant Health on January 1, 2022. The adoption of this guidance would only impact Novant Health's consolidated financial statements in situations where there is impairment of a reporting unit.

(in thousands of dollars)

In August 2018, the FASB issued ASU 2018-15, Intangibles – Goodwill and Other – Internal-Use Software (Subtopic 350-40), Customer's Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement that is a Service Contract. This guidance aligns the requirements for capitalizing implementation costs incurred in a hosting arrangement that is a service contract with the requirements for capitalizing implementation costs incurred to develop or obtain internal-use software (and hosting arrangements that include an internal-use software license). The guidance also requires that the capitalized costs be expensed over the term of the hosting arrangement and that the expense and cash flows of the capitalized expense be presented in the same place on the statements of operations and statements of cash flows, respectively. Similarly, the capitalized costs are required to be presented on the balance sheets in the same line item that a prepayment of the fees of the associated hosting arrangement would be presented. This guidance was effective for Novant Health on January 1, 2020 and is being applied prospectively to all implementation costs incurred after the date of adoption. Implementation of this guidance did not have a significant impact on the consolidated financial statements of Novant Health.

In May 2019, the FASB issued ASU 2019-06, Intangibles - Goodwill and Other (Topic 350), Business Combinations (Topic 805), and Not-for-Profit Entities (Topics 958). This guidance extends certain private company alternatives to not-for-profit entities, allowing the amortization of goodwill on a straight-line basis over ten years or less. If this accounting alternative is elected, an accounting policy election must also be made to test goodwill at either the entity level or the reporting unit level. Goodwill is required to be tested for impairment when a triggering event occurs that indicates that the fair value of the entity may be below its carrying amount. An election is also allowed on a prospective basis to subsume into goodwill and amortize customer-related intangible assets that are not capable of being sold or licensed independently and all noncompete agreements. If this election is adopted, the election to amortize goodwill must also be adopted. Novant Health has not elected these alternatives at this time.

In March 2020, the FASB issued ASU 2020-04, Reference Rate Reform (Topic 848) and has subsequently issued supplemental and/or clarifying ASUs (collectively "ASC 848"). This guidance provides relief from the application of certain guidance during the transition to alternative reference rates. Optional expedients are provided for contract modification that replace a reference rate affected by reference rate reform and related contemporaneous modifications. Exceptions are provided for changes to the critical terms of a hedging relationship due to reference rate reform. Expedients are provided for cash flow hedging relationships and fair value hedging relationships. These provisions are available until December 31, 2022. Novant Health is currently evaluating the effect of reference rate reform on its contracts, but the availability of these expedients and exceptions is expected to reduce the impact of reference rate reform on the consolidated financial statements of Novant Health.

Report of Independent Auditors

To the Board of Trustees of Novant Health, Inc.

We have audited the consolidated financial statements of Novant Health, Inc. and its affiliates as of December 31, 2020 and for the year then ended and our report thereon appears on pages 1 and 2 of this document. That audit was conducted for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The accompanying consolidating information as of and for the year ended December 31, 2020 and the supplemental schedule of cost of community benefit programs for the year ended December 31, 2020 appearing on pages 54 – 60 (collectively referred to herein as the "information") are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. The information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information, excluding the schedule of cost of community benefit programs information marked "unaudited," has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information, excluding the schedule of costs of community benefit programs information marked "unaudited," is fairly stated, in all material respects, in relation to the consolidated financial statements taken as a whole. The consolidating information is not intended to present the financial position, results of operations and cash flows of the individual companies, and accordingly, we do not express an opinion on the financial position, results of operations and cash flows of the individual companies. The schedule of costs of community benefit programs information marked "unaudited" has not been subjected to the auditing procedures applied in the audit of the consolidated financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Novant Health, Inc. and Affiliates Schedule of Cost of Community Benefit Programs (unaudited) December 31, 2020

In addition to providing charity care to uninsured patients, Novant Health also provides services to beneficiaries of public programs and various other community health services intended to improve the health of the communities in which the Company operates. Novant Health uses the following four categories to identify the resources utilized for the care of persons who are underserved and for providing community benefit programs to the needy:

- Traditional charity care, which includes the cost of services provided to persons who cannot afford health care because of inadequate resources and who are uninsured.
- Unpaid cost of Medicare, which represents the unpaid cost of services provided to persons
 through the government program for individuals age 65 and older as well as those that qualify
 for federal disability benefits.
- Unpaid cost of Medicaid, which represents the unpaid cost of services provided to persons covered by the government program for medically indigent patients.
- Community benefit programs, which consist of the unreimbursed costs of certain programs and services for the general community, mainly for indigent patients but also for people with chronic health risks. Examples of these programs include health promotion and education, free clinics and screenings and other community services.

The net cost of providing care to indigent patients and community benefit programs is as follows:

	2020
Traditional charity care	\$ 179,072
Unpaid cost of Medicare	649,878
Unpaid cost of Medicaid	136,041
Community benefit programs	 53,442
	\$ 1,018,433

As discussed in Note 2 in the accompanying consolidated financial statements, Novant Health received supplemental Medicaid payments during 2020. These amounts are included in the community benefit amount for 2020.

Novant Health, Inc. Notes to Consolidating or Combining Supplemental Schedules December 31, 2020

1. Consolidated Financial Statements Reporting Entity

Novant Health, Inc. ("Novant Health" or the "Company") is a nonprofit, integrated health care network of physician clinics, outpatient facilities and hospitals that serves patients and communities in North Carolina, Virginia and South Carolina. Novant Health consists of over 1,600 physicians and 29,000 team members at nearly 700 locations, including 15 medical centers and hundreds of outpatient facilities and physician clinics. Headquartered in Winston-Salem, North Carolina, Novant Health is committed to making healthcare remarkable for patients and communities, serving more than 5 million patients annually. Novant Health and its affiliates serve their communities with programs including health education, home health care, prenatal clinics, community clinics and immunization services.

2. Basis of Presentation and Summary of Significant Accounting Policies

Novant Health, Inc. Consolidating Balance Sheet and Consolidating Statement of Operations (which Combines the Information of the Combined Group and Unrestricted Affiliates)

The Total column reconciles to the consolidated financial statements of Novant Health, Inc. and includes the accounts of all affiliates controlled by Novant Health, Inc. The Total is comprised of the Combined Group (as described below, which is comprised of the Obligated Group and Restricted Affiliates) and the Unrestricted Affiliates, which represent affiliates not meeting the definition of the Obligated Group or Restricted Affiliates as defined below.

The Eliminations column represents the elimination of intercompany transactions and balances between the Combined Group and the Unrestricted Affiliates.

The consolidating balance sheet and consolidating statement of operations are otherwise prepared in accordance with accounting policies described in the accompanying notes to the consolidated financial statements. These schedules are not intended to be a presentation in accordance with accounting principles generally accepted in the United States of America, as a result of the exclusion of all required disclosures.

Combined Group Combining Balance Sheet and Statement of Operations

As noted in Note 16 to the consolidated financial statements, the Company is subject to a Master Trust Indenture (the "Agreement") which authorizes the creation of a Combined Group, which consists of the members of the Obligated Group and the Restricted Affiliates.

The members of the Obligated Group are jointly and severally liable for the payment of all obligations under the Agreement. The members of the Obligated Group are Novant Health and its two affiliates that operate tertiary care hospitals, Forsyth Memorial Hospital, Inc. d/b/a Novant Health Forsyth Medical Center and The Presbyterian Hospital d/b/a Novant Health Presbyterian Medical Center, both of which are North Carolina nonprofit corporations. In the accompanying Combined Group combining balance sheet and combining statement of operations, the Obligated Group column presents information of the aforementioned entities.
