

Who's in Charge of Your Medical Decisions? You Are!

At Novant Health, we care about you. We believe that healthcare is a partnership between you and your healthcare providers. We also understand that you want the people most important to you involved in your care. Choices and Champions gives you the chance to tell us who you want to help champion your medical care if you're unable to. When you are unable to make your own medical decisions and don't have a legal document completed, the state of North Carolina tells your healthcare providers to contact the people listed in the below order to make medical decisions for you.
